THE MAKING OF A FAMILY BUSINESS

WHEN YOU THINK OF FAMILY BUSINESS,

you tend to think small. Not Jeunesse. When the co-founding husband and wife team Randy Ray and Wendy Lewis emerged from retirement to create Jeunesse, the goal all along was to build a global billion-dollar brand. In just six short years, with the collaboration of Wendy's son, Scott Lewis, that dream was realized when the company reached **\$1.1 billion** annual sales in 2015.

Jeunesse launched on September 09, 2009 at 9:09 a.m. Why all the nines? The number nine represents longevity and reflected the founders' desire to create a company with real staying power — a future legacy in the direct selling industry.

Armed with exclusive products made in the USA, one of the most rewarding compensation plans in the industry, and the technical knowhow to create a cutting-edge global platform to share products, training and support, Jeunesse was poised for success. This solid foundation, coupled with an

early focus on international expansion, proved to be a winning combination. With multilingual customer service, back office support and global enrollment, the company has grown to 121 markets with 32 fully operational offices spanning six continents.

Today, hundreds of thousands of people from all corners of the world have joined Jeunesse, creating a global family that isn't limited by geography, language or culture.

THE VISION OF SUCCESS

Leading the strategic vision of a billion dollar global brand is no easy task. It takes creative thinking and a strong belief in the limitless potential of the future. Fortunately for Jeunesse, Scott Lewis not only embodies these characteristics, but his industry experience and genuine passion for positively impacting the lives of others also makes him the ideal visionary to help shape the future of Jeunesse.

Scott understands that the company's success is rooted in its commitment to the diverse network of people that form the global Jeunesse family, and he firmly believes in maintaining a relationship-oriented foundation grounded in ethical principles. Scott's vision is to ensure this belief permeates every facet of the Jeunesse identity and culture. In addition to setting strategic direction, standards and goals for the future, Scott continuously works to improve the efficiency of worldwide operations.

For Scott, Jeunesse is so much more than a business. It truly is a family — one he is honored and humbled to serve and lead.

Scott and his wife, Isabel, travel extensively and work closely with Jeunesse leaders from around the world. Both are extremely passionate about helping others thrive — including empowering children in need around the world through the company's nonprofit foundation, Jeunesse Kids™.

INDUSTRY INNOVATORS

Prior to founding Jeunesse, Randy Ray and Wendy Lewis enjoyed rewarding careers in the technology and direct selling industries, co-founded other successful companies, and spent significant time and resources giving back to those in need through multiple philanthropic endeavors and hands-on volunteer work.

TEAMING UP TO CHANGE LIVES

Jeunesse Kids is an international nonprofit organization with the three-fold goal of releasing children from poverty, bringing education and healthcare to underprivileged children, and ending childhood exploitation. Our goals are centered on bringing relief to communities and schools on every continent, from local shoe drives, to healthcare education in third-world countries, to fundraising for children's hospitals.

When you support Jeunesse Kids, you team up with a vast network of Distributors and philanthropists who are finding little ways to give back. For more information, visit JeunesseKids.org.
